I. Overview of MetroWest YMCA Out-of-School Time (OST) Programs

A. Philosophy

The central focus of the YMCA Out-of-School Time (OST) Programs is to foster growth and development, not only among the children involved in the program but also among their parents and other family members as well. Components of this goal include building intermediary youth outcomes such as problem solving communication skills to support positive development, academic and life success; learning by discovery; age appropriate activities, individual and group activities; variety; and exploration.

Our OST Programs help foster the development of the child's individual potential by incorporating children in the curriculum planning and implementation process while providing quality experiential education in a safe and nurturing environment. Educators foster each child's growth through the offering of age-appropriate activities that include social, physical, creative and emotional challenges.

Children develop in many different ways and at many different times. We are committed to being sensitive to each child's growth and development. We are also sensitive to those children who are developing with disabilities. The MetroWest YMCA educators work to establish an atmosphere that enables all children to explore and grow.

B. Statement of Purpose

The purpose of the MetroWest YMCA Out-of-School Time (OST) Programs is to provide quality care and education in a safe and supportive environment that fosters the physical, cognitive, linguistic, emotional and social growth of children, and supports and strengthens families.

C. Goals and Objectives

MetroWest YMCA Out-of-School Time (OST) Programs are designed to provide recreational, social and educational activities that stimulate children's growth and development, while supporting and strengthening families. A special effort is made to develop a program that is developmentally appropriate to meet the individual needs of your child. OST Programs provide a variety of positive, healthy and interesting activities that promote a child's physical, intellectual, emotional and social well being. Our programs help children develop to their fullest potential while focusing on the YMCA Character values of caring, honesty, respect, and responsibility as well as 21st Century skills linked by research to academic success and a healthy lifestyle:

- Behavior
- Initiative
- Engagement in Learning
- Analysis and Problem Solving
- Communication Skills
- Homework
- Relations with Adults
- Relations with Peers

D. Non-discrimination Policy

MetroWest YMCA Out-of-School Time (OST) Programs admit children of any race and ethnicity to all the rights, privileges, programs, and activities generally accorded or made available to all children and families at the YMCA. The YMCA does not discriminate on the basis of gender, race, religion, parents' marital status, physical or mental disability, cultural heritage, political beliefs, national origin, sexual orientation or ability to pay.

In an effort to ensure that all children and families are welcome and comfortable in our programs, holidays and cultural celebrations are not observed in our classrooms. We encourage children to discuss special events and meaningful parts of their lives while they are at school, but the educators do not design any activities or introduce concepts that are not inclusive and relevant to all of the children. It is our intention that no child or family should ever feel excluded or devalued.

E. Licensing Information

MetroWest YMCA Out-of-School Time (OST) Programs are licensed by either the Massachusetts Department of Early Education and Care (EEC) or the Massachusetts Department of Public Health (DPH) through local Boards of Health and are mandated to uphold all of the EEC or DPH rules and regulations pertaining to group day care licensing and camp programs.

II. OUR EDUCATORS

A. Overview

We believe the success of our programs, which ultimately rests in your child(ren)'s experience, lies in the quality of our educators. Our educators are carefully selected based on their experience, education, talents and interpersonal skills. They receive an in-depth orientation training to cover such areas as program goals, emergency procedures, group work, curriculum planning, philosophy of education, goals and objectives and policy procedures. Our educators have a multitude of experiences and backgrounds. All of our educators have background record checks that includes criminal background checks (CORI checks) and Department of Social Services review in addition to training in first aid, CPR, and child abuse and neglect prevention.

B. Educator Qualifications

The YMCA provides its educators with many opportunities for development and advancement through staff training. The Directors inform their teachers of all trainings available to YMCA staff. These trainings include conferences, workshops, college courses, and other opportunities. Teachers are required to complete at least five to ten hours of training per year.

Program Directors also contact speakers to come to the YMCA to speak to educators on topics such as child abuse, behavioral problems, children with disabilities, positive guidance, and other pertinent issues.

In addition, Program Directors provide opportunities for teachers to visit other OST Programs in the community and within the YMCA. These visits provide the educators with the opportunity to observe different teaching styles and share program ideas with their colleagues.

The YMCA also encourages volunteers to work in its early childhood education programs. These volunteers receive appropriate orientation, training, supervision and staff development. They are chosen for their ability to meet the needs of the children. They must meet the same requirements as the staff in regards to Background Record Checks (BRC)'s, at least two documented references, and an orientation to the program. Volunteers are encouraged to participate in trainings that are offered to the paid educators.

For a volunteer who is a parent of a child enrolled in the YMCA's OST program, the Background Record Check and reference check is not applicable as long as this parent is not included in the required educator to child ratio.

The YMCA will describe, in writing, any arrangements they may have with any school or professional training program that will include an overview of student responsibilities as well as an explanation of the supervision of students by the training program and the YMCA.

III. Children's Rights and Responsibilities

- Educators are responsible for ensuring that children enrolled:
- Have a safe and reliable environment free of hazards.
- Have use of all of the equipment and space on an equal basis; equipment will be in functioning condition.
- Have their ideas and feelings respected.
- Be guided into appropriate behavior using positive guidance strategies that are fair, equal and respectful of them.
- Have opportunity to express their anger, frustration, disappointment, joy, etc., in an appropriate manner.
- Have activities that allow participants to express their creative ability, as they explore and discover, while developing to their fullest potential.
- Have an environment that offers a variety of choices: physical, gross motor, quiet, indoor, outdoor, active and passive areas, creative, dramatic play and exploration.
- Have a right to voice their opinion on the rules and give input on activities offered.
- Have educators that care about them, enjoy being with them and help them grow.
- Are treated with caring, respect, honesty and responsibility.

Children need to be responsible for:

- Learning to accept consequences for their own actions.
- Displaying character development traits: caring, honesty, respect and responsibility.
- Respecting the rules that are established for and by them.
- Controlling their anger so that their actions do not harm anyone.
- Not willfully damaging any equipment or property in the building or anyone else's property.
- Sharing equipment and facilities with all children in the program.
- Returning materials and equipment to the place they found them and before they start a new activity or go home.
- Participating in and carrying out an activity that they committed themselves to.
- Wearing seat belts while on the YMCA vehicles.
- Behaving in a manner, while in the YMCA vehicle, which allows maximum concentration of the driver (children who do not behave accordingly in YMCA vehicles will be suspended from the transportation privilege).

IV. Enrollment Procedures and Requirements

A. Registration – Enrollment Criteria

Registration for MetroWest YMCA Out-of-School Time Programs for children in grades kindergarten through fifth grade is offered first to existing OST participant families, then to the established waiting list. Individual registration procedures are done throughout the year pending availability by appointment, and may include meeting with the Director or Site Coordinator and a tour.

Registration is first offered to the existing participants, then to the established waiting list and then to the public who inquire about registration. Our enrollment capacity is listed on our EEC license.

Registration papers include a signed Developmental History Form, Pick-up Authorization, Field Trip Permission Slip, Basic Registration (with non-refundable fee), Emergency Information and Consent Forms. In addition, the program's Family Handbook must be read and a receipt slip signed and returned to the program verifying that parents understand and adhere to the policies and procedures set forth by the YMCA Out-of-School Time Programs.

Enrollment and registration materials are confidential, but available immediately to:

- The program administrators and educators in the child's classroom
- The child's parents or legal guardians
- Regulatory authorities, on request.

B. Registration Changes

Any changes in registration information concerning you or your child(ren) must be arranged on an ongoing basis with the Director/Site Coordinator (i.e., changes in pick-

up authorization, addresses, work or home phone numbers, emergency contacts, etc.) If you are changing your child's scheduled days, you must give one month's written notice. Changes will only be accommodated if space allows.

C. Financial Information

A non-refundable registration fee of \$50 will be charged. For returning families, the fee is \$25. For state-subsidized participants (contracted slots or vouchers), there is no registration fee required. Please note that families receiving YMCA assist are still required to pay the registration fee. For all families, pre-payment equal to the first full month's tuition will be required at the time of registration to reserve that child's slot and will be applied to the first month's charge. The bill for the second month will be adjusted for children who start mid-payment cycle.

Before and afterschool program rates are based on a 180 day school year broken into 10 equal payments that are charged monthly. As a result, each payment covers the costs associated with 18 school days that may or may not align with the monthly calendar. Tuition will be pro-rated for children who are not registered for an entire 18 day cycle. Rates are charged monthly and are not reduced for any weeks containing scheduled closures. Since the before and afterschool program is aligned with the host school, the payment cycle dates are adjusted for school closures due to inclement weather. MetroWest YMCA tuition rates include costs associated with professional development and other program closure days within the academic year. Therefore, families are responsible for payment for closures that fall on their child's scheduled day. In addition, families are responsible for payment when their child does not attend an OST program on their scheduled day or when extra days are used.

All tuition payments must be made in advance of service and are due on the first of each month for the current month. Tuition received after the 5th of the month will be considered late and be assessed a \$15.00 late fee.

Overdue payments may result in termination from the program. Families with payments that are more than two weeks late may be asked to set up a payment plan or withdraw their child from the OST program. The MetroWest YMCA will send all unpaid tuition fees to a collection agency.

Please note that children and families with unpaid balances at the MetroWest YMCA will not be allowed to register for any MetroWest YMCA program or service until their account is current.

D. Financial Assistance

The tuition is based on covering the operating costs of the program. Our annual Partners With Youth campaign helps to keep tuition reasonable while allowing us to provide quality programming. Through the YMCA's ASSIST Program, we offer reduced rates to individuals and families who cannot afford the full price of membership, program activity or OST program tuition. Eligibility is based on income level, family size and funds available. We require that all families who receive ASSIST explore other tuition

subsidies, such as the Department of Early Education and Care voucher program, so that we can help as many families as possible. As a result, we also accept voucher payments through local resource and referral agencies and have limited contracted slot spaces for income eligible participants.

Ask the OST Director or Director of Educational Programs for more details.

E. Transfer of Records

Upon written request of the parent or guardian, the MetroWest YMCA must transfer a copy of the child's record to the parent, or any other person the parent identifies, when the child is no longer in YMCA care. The Program will ask the parent or guardian to sign a form documenting consent for transfer of records and/or verifying that the record was received.

F. Out-of-School Time Curriculum

MetroWest YMCA OST Programs provide a variety of activities that are designed to meet the individual interests and needs of the children enrolled in the programs with flexibility in the schedule for special events and visitors. The OST curriculum is designed to challenge your child at his/her developmental level and support children in developing skills relating to healthy lifestyles and lifelong success. All activities are inquiry and discovery based and allow each child to explore and grow at individual rates. Because the OST Programs wrap around your child's school day, educators are sensitive to the child's whole day. Educators seek to provide children and youth with a variety of educational and recreational activities that are not only stimulating and enriching, but also are presented in a non-academic setting. These activities may include a number of options depending on the age of your child.

The MetroWest YMCA OST Programs have prioritized outcome areas that research has linked to long-term positive development, and academic and life success:

Building positive relationships with peers and adults, communication skills, learning to resolve conflict and manage personal behaviors, and work as a team are important skills for the OST participant. Educators employ every opportunity to work with the children toward strengthening these skills. During organized games, group projects, or even small group interactions, educators encourage children and youth to work through problems or disagreements in a positive and appropriate manner.

The YMCA OST Programs offer many enrichment activities to promote engagement in learning, analysis and problem solving, and developing Initiative. These hands-on activities are designed to challenge the participants, encourage inquiry and build upon skills that are being taught in their public school classrooms like critical thinking, problem solving and cooperative learning. In addition, homework support is incorporated into the daily schedule and can be modified based on the specific needs and preferences of the children and their families.

KidsStrong

The MetroWest YMCA KidsStrong program is a collaborative project aimed at changing the culture of wellness and nutrition for children and their families. The project works within the framework of well-established programs of our collaborative partners by providing curriculum assistance, staff training and ongoing support. KidsStrong integrates wellness related activities into OST program curricula for elementary school age children to promote healthy lifestyles including nutrition and physical activity. By proposing purposeful family outreach activities, also known as Family Challenges, KidsStrong establishes common social bonds centered on nutrition and wellness and helps enhance the lessons learned by children in the programs.

Program Plan

The daily schedule varies based on the specific needs and goals of each program site, yet there are consistencies throughout the programs. Each day, there are scheduled times for quiet and active play, opportunities to interact with large groups, small groups, or independently, as well as some opportunities to interact with children of different ages. Many activities are designed to continue over time rather than be isolated learning experiences. In addition, educators help children identify and use prior knowledge and provide experiences that extend and challenge children's current understandings. Children spend time both indoors and outside depending on the weather. When the weather, air quality, or environmental safety of the children cause a health risk, the children participate in active play inside.

The curriculum is not developed solely by the OST educators. Children, families, and school personnel are encouraged to share their knowledge, interests, and skills. Sometimes, guests visit our classrooms to share their knowledge and experiences. We also invite members of the performing and visual arts community to share their interests and talents with the children.

In addition, the MetroWest YMCA is committed to making children and families feel comfortable in our programs by providing environments that are welcoming and accessible.

G. Program Evaluation

In order to ensure that the OST Programs are operating at the highest level of quality possible, the MetroWest YMCA has adopted the Afterschool Program Assessment System (APAS) created by the National Institute on Out-of-School Time (NIOST). This comprehensive program evaluation tool includes two components designed to help afterschool programs improve their quality and reach desired outcomes for youth. The APAS includes two linked components to provide a detailed picture of program. The Assessing Afterschool Program Practices Tool (*APT*) includes an observation tool and a self-assessment questionnaire designed to strengthen program practices. The Survey of Afterschool Youth Outcomes (*SAYO*) collects data on program participants from afterschool educators and sometimes regular school day teachers. These pre- and post-surveys provide information that helps the YMCA educators tailor our programs to best support the growth of children in eight outcome areas:

- Initiative
- Engagement in Learning
- Analysis and Problem Solving
- Communication Skills
- Homework
- Behavior
- Relations with Adults
- Relations with Peers

Please let the OST Director or Director of Educational Programs know if you would like more information about the tool.

Family questionnaires, child surveys, and input from school personnel are also used to guide program improvement and strategic planning.

V. POLICIES AND PROCEDURES

A. Child Guidance

One of the goals of our child guidance plan is to minimize opportunities for challenging behavior and to help children develop tools to make good decisions about resolving conflicts and solving problems so that children can demonstrate respect for each other and their environment as well as ensure the safety and security of everyone involved.

Behavior management is accomplished through a positive approach that respects the child as an individual. Teachers actively incorporate communication, social, and emotional regulation skills into the curriculum to support children in using appropriate behavior rather than focusing only on reducing challenging behaviors. Discipline procedures are handled individually, usually with a mild consequence that is associated with the particular infraction and incorporates the teaching of a more positive alternative.

Teachers observe children to identify events, activities, interactions, and other contextual factors that predict or contribute to the child's use of challenging behavior. Once these negative behavior triggers are found, educators explore ways to minimize their impact to promote positive behaviors by the children through the modification of the environment or activities as well as provide adult or peer support.

Methods of Guidance Approved for YMCA Educators

Teachers address challenging behavior by assessing the function of the child's behavior, convening families and professionals to develop individualized plans to address behavior, and using positive behavior support strategies.

When a challenging behavior occurs, the teachers discuss the problem with the child in a developmentally appropriate manner. Teachers respond to the child in a way that is safe for the child and others in the classroom, is calm, is respectful, and provides the

child with information about acceptable behavior. When possible, the child is encouraged to suggest alternative solutions and assist in implementing them.

Teachers also help children manage their behavior by guiding and supporting children to:

- Persist when frustrated
- Play cooperatively with other children
- Use language to communicate needs
- Learn turn taking
- Gain control of physical impulses
- Express negative emotions in ways that do not harm others or themselves
- Use problem-solving techniques
- Learn about self and others.

A typical classroom intervention follows a three-step process depending on the infraction and the age of the child. First, the child would be redirected to a positive alternative to the negative behavior. Second, if the negative behavior continues, the child would be asked to leave the activity, but encouraged to find a different option. Third, if the negative behavior persists, the child would be separated from the rest of the group to a safe place within view and near the educator. The child may rejoin the group once he or she has demonstrated the ability to follow classroom guidelines and make appropriate behavioral decisions. Please note that the time that a child is separated is not dictated by a set number of minutes, rather by the child's ability to demonstrate his or her capacity to make good decisions.

In problematic situations where children exhibit persistent, serious, and challenging behaviors, teachers, families, and other professionals will work as a team to develop and implement an individualized plan that supports the child's inclusion and success both at home and at the YMCA.

Restricted Methods of Behavior Management

- No spanking or other corporal punishment.
- No cruel, unusual, or severe punishment, humiliation, verbal or physical abuse, neglect, abusive treatment.
- No denial of meals or snacks, drink, rest or bathroom facilities as punishment.
- No force-feeding.
- No punishment for soiling, wetting, or not using the toilet or forcing a child to remain in soiled clothing or forcing a child to remain on the toilet or other excessive practices of toileting.
- No punishment related to eating or not eating food.
- Time-outs where children are isolated for a specific amount of time based on their ages. At the MetroWest YMCA, children may need to leave the group or their activity until they can demonstrate that they can make appropriate decisions about their behaviors. Educators help the children explore the situation as a learning experience so that the children can make more appropriate decisions in the future.

Any YMCA staff that violates any of the restricted methods listed above will be immediately suspended until Department of Social Services and Department of Early Education and Care complete further investigation.

In all cases, suspension and/or expulsion of a child from the Early Childhood Education Program is the final decision of the MetroWest YMCA President or her designee.

Although a last resort, suspension may be necessary to ensure the safety of your child and of others in the group.

Child Guidance Procedure

There are times when a child's behavior may be cause for concern by educators, family or your child's program director. When this occurs, a conference with the appropriate YMCA staff and the child's parents/guardians will be held to outline the concerns and develop a plan for managing the behavior(s). The cooperative behavior management procedure will be presented to the parent/guardian for their signature. In most cases, follow up meetings will be scheduled to discuss the progress of the plan.

In some cases it may be necessary to ask the parent to withdraw the child from the center –

- If the concerning behaviors have not diminished.
- If the problematic incident is the final incident in a succession of aggressive behaviors that are harmful to the child and/or other children/staff at the center.
- If it is determined that we are unable to provide the services that the child requires (i.e. special language or speech support, additional staffing, etc.). If this situation occurs, re-enrollment of the child will be considered after this phase has passed.

B. Children's Evaluations

All OST program participants have the opportunity to have one formal evaluation each year. Evaluations may include progress toward SAYO outcome objective and developmental areas including cognitive, social, and physical growth.

Parents/Guardians or educators may also request an individual conference with educators or the Program Director at any time.

C. Special Needs

The MetroWest YMCA will request and review information given by the parent related to the child's participation in the program. Identification of specific accommodations required to meet the needs of the child, which would include change or modification in the child's participation in regular activities, would be discussed, as well as identification of any special equipment, materials, ramps or aids. If such accommodations will cause undue burden on the program, the parent will be notified in writing, which would include reasons for the decisions. Parents may contact the Department of Early Education and Care (or the local Board of Health for camp programs) to review the decision.

D. Referrals

The MetroWest YMCA has information regarding resources for multiple different resources for families. Here are some of the more commonly requested community supports:

Counseling:

SMOC Behavioral: (508) 879-2250
 Wayside Youth and Family: (508) 879-9800
 Advocates: (508) 485-9300

Medical Services:

Dr. Jeffrey Zaref, Southboro Pediatrics in Framingham: (508) 872-1260
 Dr. Mel Ehrlich, Pediatric Dentist: (508) 875-5437
 MetroWest Medical Center: (508) 383-1000

Education and Special Needs:

Criterion Early Intervention: (508) 620-1442

Ashland Public Schools (508) 881-0150
 Ashland Public Schools, Special Education Department: (508) 881-0155

Framingham Public Schools, Parent Information Center: (508) 424-3420
 Framingham Public Schools, Special Education Department: (508) 424-3458

Hopkinton Public Schools, (508) 417-9360
 Hopkinton Public Schools, Special Education Department (508) 497-9850

Social Services and Tuition Assistance:

Department of Transitional Assistance: (508) 661-6600
 Child Care Search: (978) 897-6400
 SMOC Helpline: (800) 620-2347
 United Way Call Center Information & Referral Line: 211

Inquiries about these and other referral services should be made through the Director. If an educator has a concern about a child, the behavior will be observed, recorded and reviewed before a referral is recommended. A parent meeting will be set up to discuss the program's concerns and referral.

If a child is at least 2 ½ years of age, the YMCA will inform the child's parent(s) or guardians(s) of the availability of services and their rights, including the right to appeal under Chapter 766. If a child is under the age of 2.5 years, the YMCA will inform the child's parent(s) of the availability of services provided by Early Intervention Programs. The YMCA will provide parents with a written statement including the reason for recommending a referral for additional services, a brief summary of the program's observations related to the referral and any efforts the program may have made to accommodate the child's needs. The YMCA will offer assistance to the child's parents by making the referral; written parental consent will be obtained before any referral is

made. A written record of any referrals will be maintained, including records of conferences with parents and the results. The Director will have contacts for the Chapter 766 and Early Intervention Programs.

E. Termination and Suspension Policy

Parents must inform the MetroWest YMCA OST program in writing one month in advance if they are withdrawing their child from the program. Parents who fail to do so will still be liable for payment for one month after the program has been notified. The MetroWest YMCA reserves the right to terminate services with a two-week advance notice to families. When the health, welfare and safety of other children are at stake, the YMCA reserves the right to suspend or terminate services immediately.

Possible reasons for suspension and/or termination of a child from OST Programs include:

- Inappropriate behavior, considered to be harmful to your child, educators or others (Families are still liable for payment for days suspended due to inappropriate behavior.)
- Inappropriate behavior or language by adult family members, considered to be harmful to your child, educators or others (Families are still liable for payment for days suspended due to inappropriate behavior.)
- Chronic tardiness at pick up time
- Chronic absenteeism
- Overdue fees
- Other, as determined and discussed with the Director

Warnings and/or suspensions are used before termination is instituted when possible. Incidents will be documented and shared with parents when possible. A reasonable effort is made to work with the family prior to termination. If any referrals are recommended or requested by the parent the information will be documented in the child's file.

When a child is terminated from the program, the educators must prepare the child for termination in a manner consistent with his/her ability to understand, when possible. Suspension will not be for punishment or to circumvent the referral requirements and will not be in violation of the ADA.

F. Clothing

Children at the YMCA are active and involved. They should wear clothes that are seasonally appropriate, comfortable, practical and wash easily. All belongings should be *labeled* with the child's name. The MetroWest YMCA is not responsible for lost or damaged clothing. Please send your child to the program with an extra set of clothing in case of accidents. And during the winter months, all children should come to the center with mittens, boots, hats and snowsuits.

G. Toys from Home

The MetroWest YMCA discourages any toys/games/valuables from home being brought to the programs so that sharing does not become an issue and nothing is lost or broken.

H. Holidays

MetroWest YMCA OST Programs may not be open on the following days. Please note that alternative programming may be available through the YMCA for an additional fee.

Labor Day	September
Columbus Day.....	October
Veteran's Day	November
Thanksgiving Day.....	November
Day after Thanksgiving Day	November
Christmas Eve (close at 1:00)	December
Christmas Day	December
New Year's Eve (close at 1:00).....	December
New Year's Day	January
Martin Luther King Jr. Day	January
President's Day	February
Patriot's Day.....	April
Memorial Day.....	May
Independence Day	July
Professional Development (two days)	August

I. Inclement Weather Policy

In the case of inclement weather, please call for a voice mail message for Framingham based programs at the Framingham Branch (508-879-4420) or for Hopkinton based programs at the Hopkinton Branch (508-435-9345) for cancellation or delayed opening changes. If poor weather develops during the day, parents and guardians may be asked to pick up their children early. The MetroWest YMCA also reserves the right to close early or consolidate programs and/or classrooms due to low attendance.

J. Attendance

The Metro West YMCA OST Program request that if a child will be absent from the program, the parents must call the program office no later than 10:00a.m. The parent will be contacted in the event that the child does not arrive at the YMCA program and no advance notice has been received. If a child is absent on his/her regularly scheduled day, the parent is still responsible for payment for OST Program services.

Attendance will be taken throughout the program hours. Educators will note any unusual arrival or departure times. All programs will repeat attendance procedures at times of transition (i.e., going to the playground, lunch, etc.)

Within 15 minutes maximum of expected time of arrival that the parent has not called the program, every attempt will be made to contact the parent/emergency numbers in the event that the child is absent.

K. School Vacation Days

Participants in YMCA Out-of-School Time Programs may choose to participate in vacation care. A notice detailing registration, fees and an activity schedule will be distributed shortly before each vacation period. Families must sign up by the deadline date in order to be included in the vacation day program. The family must provide

lunches unless otherwise noted. Parents will be required to pay for all other vacations taken outside of the scheduled school vacation weeks.

L. Late Pick-Up Policy

All employees' scheduled hours revolve around the program's closing time. On certain occasions, when a parent must be late, the YMCA has established these firm policies:

- Parents must call the YMCA to let us know what time they will expect to arrive if they anticipate being late.
- Parents will be assessed a \$10.00 fee for the first ten minutes, and \$5 for five minute interval afterward when children are still in the program after the center closes. A late fee charge will be added to the parents' bill. Cash is not accepted.
- In the event of consistent tardiness, a case conference will be convened to discuss possible alternatives. Consistent cases of tardiness may result in your child's termination from the program.

In the event that the YMCA does not receive a prior phone call from the parent, the following procedures will be immediately implemented:

- A YMCA educator will contact parents for instructions. If contact cannot be made, a YMCA educator will call the people on the emergency contact list to arrange pick-up. The late pick up fee will still be required.
- If by 1 hour after closing, contact cannot be made to the child's parent or emergency contact people, a call will be placed to the Department of Social Services (DSS) Emergency Unit to report an abandoned child. Educators will then follow instructions given by DSS as to what further arrangements are necessary. Parents will be informed to contact DSS for further instructions.

M. Authorized Pick-Up Policy

Prior to the child's enrollment in the OST Program, the parent or guardian must complete a Pick-Up Authorization Form. If a child is to be picked up by someone other than an authorized person, the Program must be notified in writing. Parents or designated persons picking up children must come in the building and sign the child out. For your child's safety we will not allow your child to leave the site without an authorized person. Please have picture identification available. All persons authorized must be 16 years of age.

Please be aware that if an educator suspects you have been consuming alcohol/drugs, you will be asked to have someone else pick-up your child. Your child will not be released to anyone believed to be under the influence.

N. Transportation

Transportation will only be provided to and/or from schools or other sites where a minimum of three children are transported. If your child misses the YMCA transportation vehicle, he or she should return to the school's main office and call the YMCA. A vehicle will return to the school and pick up your child as soon as possible. The YMCA is on a tight transportation schedule and advises parents to remind their children to be on time for daily pick-up. Please note that the YMCA is not responsible

for providing transportation for children scheduled to use a public school bus. Educators will investigate any child missing from the scheduled transportation list. Going into the schools to search for missing children takes time and impacts heavily on the OST Program.

In order to avoid a fee, parents must call the OST Program before 10:00 a.m. to let educators know if their child will be absent.

YMCA OST Program participants are transported from school to the program site by vans, transportation provided by the school system, educator escorts by foot, and parents who drive their children. The schools are responsible for the children until the YMCA vehicle arrives at the school or the child arrives at the program. Parents of the child are responsible for their child if he/she walks or the parent transports the child from school to the OST Program site.

Field Trip Transportation Plan

Children participating in field trips from our OST Program will be transported in YMCA vehicles, public transportation, rented vehicles or transported by foot. The MetroWest YMCA is responsible for your child during transportation on field trips. In the event a vehicle should break down, alternative transportation will be secured at the branch with YMCA vehicles or rental vehicles. All groups visiting an off site facility will be responsible for travel First Aid and emergency procedures. At least one person on the trip will be certified in First Aid and CPR.

O. Emergency Procedures

Children experiencing minor injuries or illness such as bumps, bruises, scrapes, bee stings and stomach upsets will be treated by educators who have received First Aid training, taking note of specifications on the child's health form. Educators will fill out first aid forms and give a copy to parents, retaining a copy for the Program's records. Parents will be informed of all first aid given to their child. If their child's symptoms persist, parents will be asked to pick up their child.

In case of a major emergency such as broken bones, puncture wounds, etc.; the child will be taken by ambulance to the nearest emergency medical facility. Health forms on file will include child and parent information, emergency numbers when parents cannot be reached and a medical release to seek treatment if parents cannot be reached.

Emergency Evacuation Plan

Each OST Program has specific evacuation instructions and routes posted at each exit.

- Children will walk escorted by their teachers to the nearest exit.
- Using daily attendance records, teachers check attendance to make sure all children are evacuated safely. Roll is called following evacuation to check for location of all children. Director leaves the building last, after having checked all rooms in the Center for any stragglers. Each classroom will bring the emergency contact information, first aid kit, and attendance records during an evacuation. For the

toddler classroom, extra diapers and wipes will be kept with the first aid materials so that they can be easily accessible in the case of a long term evacuation.

- Evacuation/Fire drills take place at least monthly for early childhood programs and quarterly for out-of-school time programs. The Director/Site Coordinator is responsible for assuring that evacuation/fire drills are held at different times of the program day and are practiced with all groups of children. Specific procedures for each site will be provided and explained by the Director to all staff. The Director documents date, time and effectiveness of each drill and maintains documentation of the above-mentioned drills.

Emergency Transportation Plan

MetroWest YMCA OST Program emergency procedures are as follows: A child who is injured at the YMCA and needs emergency medical care will be transported to the nearest emergency medical facility by ambulance. Parents or guardians will be immediately notified of the child's injury. If the parents or guardian cannot be contacted, the emergency contact list will be called. An educator will accompany the child to the nearest medical facility to await the child's parent, guardian or emergency contact person.

If a child is injured at a field trip location, an educator certified in first aid/CPR will assess the injury and instruct a fellow educator to obtain the child's emergency contact number from the vehicle and phone an ambulance, parent or guardian or emergency contact person and the YMCA's administrative staff. The child will then be transported by ambulance to the designated medical facility accompanied by an educator. The educator will stay with the child until the child's parent, guardian, or emergency contact person arrives at the medical facility.

VI. HEALTH POLICY

The focus of the MetroWest YMCA OST Program will not be limited to learning but will encompass the physical and emotional aspects of your child's development. We ask for your complete cooperation in accepting the rules we have made for the health and safety of each child, and in turn we pledge to you our diligence in maintaining good practices. If at times you are inconvenienced, we ask you to remember that in protecting someone else's child you will also help maintain a safe environment for your own. A full Health Care Policy is available upon request.

A. Sickness

Please keep your child at home if he/she seems listless, unusually irritable, complains of aches, is feverish, or seems to be unusually pale or flushed. It is better to be overcautious than to risk exposing the rest of the children and educators. The following is a guideline for you to follow in determining when to keep your child at home.

B. When Your Child Should Attend the YMCA:

Children should be kept home for:

- Earache
- Fever over 101°
- Strep throat
- Stomachache
- Anything that is contagious, i.e. chickenpox, conjunctivitis, etc.
- The child is unable to keep up with the pace of the day
- Diarrhea/vomiting
- Rashes that are contagious
- Head Lice (until child is nit free)

Child May Come With:

- Earaches, strep throat (provided they have been on medication for 48 hours)
- Colds
- Hay fever
- Anything that is not contagious
- The child is able to keep up with the pace of the day
-

When a child is kept home due to illness, he or she must be symptom free, on prescription medication, or off nonprescription medication for at least 24 hours before returning to school.

Each child responds and reacts differently to sickness, so please be advised that the teachers and Director may need to send children home if they are unable to participate and keep up with the pace of the day. If your child is at the program and becomes ill, you will be required to pick up your child immediately. Please be aware that these guidelines are set forth to help maintain the health and safety of your child and other children as well.

Please notify the YMCA OST Program immediately if your child is exposed to a contagious disease. The Director or Site Coordinator will notify you if and when it is necessary to keep your child at home. All parents will be given notice if a child in the program has been reported to have a contagious disease. Notices will include information on symptoms and general information on the contagion.

C. Administration of Medication

Prescription medication administered to a child must have prior written parent authorization. Prescription medication will only be administered on the written order of the child's physician and must be in the original container with the child's name, the name of the drug and directions for its administration and storage on the label.

When non-prescription oral medication needs to be administered, every attempt will be made to verbally contact the parent prior to giving it to the child. All non-prescription

oral medication must have written permission from a physician as well as parental consent (i.e. cough syrup, Tylenol, etc.). Consent is valid for one year.

When a child requires medication that requires special procedures, educators must receive specific training with a written performance evaluation indicating that they are competent in following the written special procedures.

All non-prescription topical ointments must have written parental consent (i.e. sunscreen, Vaseline, etc.). All products that are provided by the parent must be labeled and only used for their child. Consent is valid for one year.

MetroWest YMCA OST Program will keep a written record of the administration of any medication that includes the time and date of each administration, the dosage, the name of the educator administering the medication and the name of the child. The YMCA will store all medications under proper conditions for sanitation, preservation, security and safety. All unused medication will be returned to the parent.

D. Infection Control

All educators must be trained in infection control procedures as part of their new staff orientation. The full guidelines are located in the full Health Care Policy.

Hand washing

The MetroWest YMCA recognizes the importance of hand washing as the first line of defense against infectious disease. Unwashed hands are the primary carriers of infections. Educators and children will observe the following hand washing procedures:

- Children and adults' hands should be washed:
 - On arrival for the day
 - After diapering or using the toilet
 - Before meals and snacks, before preparing or serving food, or after handling any raw food that requires cooking
 - Before and after playing in water that is shared by two or more people, outdoor play, handling pets and other animals, and any materials such as play dough, sand, dirt, sensory table materials, or surfaces that might be contaminated by contact with animals
 - When moving from one program area to another such as going from playground to the classroom
 - Educators also wash hands before and after administering medication and after handling garbage or cleaning
- Educators assist children with hand washing as needed to successfully complete the task.

Maintenance and Cleaning

To prevent the spread of infection, the following steps will be taken for washing and disinfecting specified equipment, items and surfaces:

- Educators will use disinfectant spray when cleaning counters, tables and garbage cans including diaper pails. Bleach or an approved EPA disinfectant will be used (¼ cup of bleach to one gallon is sufficient and safe for cleaning surfaces).
- Although all equipment, items and surfaces (including floors and walls) are washed with soap and water and disinfected as needed to maintain a sanitary environment, additional guidelines are also followed regarding the frequency of cleaning and disinfecting.
- Educators receive training on universal precautions annually to protect themselves and others when coming into contact with blood and other potentially infectious body fluids.

E. Disinfectant Solution

The disinfectant solution must be either a self-made bleach solution or a commercially prepared disinfectant that has been registered by the Environmental Protection Agency (EPA) as a sanitizing solution. (Registration can be identified by reading the product label and using the disinfectant precisely as directed on the label.) The household bleach used to prepare a self-made bleach solution must have 5.25% available chlorine as hypochlorite. A self-made bleach solution must be sealed with a cap and the solution must be prepared daily or tested daily in accordance with the Department of Public Health's guidelines. All such disinfectants must be stored in a secure place and out of the reach of children.

F. Nutritious Snack or Lunch Suggestions

MetroWest YMCA OST Program will work with parents to help ensure that the children's nutritional needs are being met in accordance with USDA requirements. When applicable, parents are required to provide a nutritious lunch for their child and asked to follow the guidelines below. We suggest the following items for when your child needs to bring a lunch and/or snack. A nutritious lunch would include something from all four-food groups. The YMCA will ensure that nutritious snacks are provided for children during the school year. Families are required to provide snacks during vacation days and summer camp. In addition the YMCA will follow parental or physician's orders in relation to special diets. Please label all food and beverage containers with the child's name. All unused food will be sent home daily.

Please note that the MetroWest YMCA cannot refrigerate or warm up lunches. We recommend using ice packs and thermoses.

Sandwich Suggestions: cheese, chicken, jelly or jam, tuna, meats (turkey, ham, salami, bologna, etc.)

Fruit or Vegetables: Orange, apple, pear, banana, raisins, peach, celery/carrot sticks, dried fruit, trail mix,

Dessert: Crackers, yogurt, muffins, pudding, Jell-O, fruit Sticks, granola bars, homemade baked goods, cookies (oatmeal or chocolate chip)

Beverage: water, fruit juice (orange, apple, grape), milk

The YMCA will provide one nutritious snack to children attending the afterschool program on school days. Two snacks will be provided for children enrolled in the full day and/or wrap around kindergarten program. Parents provide lunches.

G. Allergies

Any allergies to foods, chemicals or other materials MUST be listed in the “Allergies” section of the child's information form. Please include any reactions and treatments of the allergies. This information will be placed on a master list and posted in food preparation and distribution areas, the Director's office and the child's room. All educators will be informed of children's allergies and instructed to avoid these products.

H. Animal and Pet Policy

Animals provide a large array of growth and learning opportunities for children. When they are classroom pets or visiting animals, they must appear to be in good health. Pets or visiting animals have documentation from a veterinarian or an animal shelter to show that the animals are fully immunized (if the animal should be so protected) and that the animal is suitable for contact with children. Educators supervise all interactions between children and animals and instruct children on safe behavior when in close proximity to animals. Educators make sure that any child who is allergic to a type of animal is not exposed to that animal. Reptiles are not allowed as classroom pets because of the risk for salmonella infection.

VII. Preventing Child Abuse and Neglect

A. Strategies

- These preventive strategies are designed to protect the children in YMCA programs and to protect YMCA staff and volunteers from being wrongly accused of incidences of child abuse. The YMCA has in place a comprehensive pre-employment screening procedure to screen out staff not suited for working with children.
- The YMCA will take any allegation or suspicion of child abuse seriously and will respond accordingly.
- Staff understand their legal obligation to report suspected abuse.
- Policies, procedures and training are available relating to discipline, supervision, staff/participant interaction, staff and volunteer Code of Conduct, etc.
- Staff understand what practices may be considered abusive and the difference between what may be considered appropriate and inappropriate touch.
- Defensive strategies have been identified for avoiding unfounded allegations in our yearly abuse prevention training for staff.
- Staff communicate frequently with parents regarding day-to-day activities and encourage parents to report or question any behavior or event their child may share that appears out of the ordinary.
- Parents know that they can visit unannounced any program their child participates in, and are encouraged to do so.

- Staff try to identify stressed parents and offer support and referrals for help.
- Staff have learned how to discuss sensitive issues with children such as toileting, sleeping and questions about sex.
- Staff protect themselves and the YMCA by agreeing not to be alone with YMCA youth or program participants outside of YMCA programs or facilities (i.e. baby-sit, take children on trips, have them in their homes when others are not present, etc.).

B. Mandated Reporting

In order to insure the well-being of the children in our care, our staff has a continuing duty under state law to report incidents of possible neglect or abuse, including physical, sexual, and psychological abuse, to the Department of Social Services and Department of Early Education and Care, and to cooperate in any investigation of such possible neglect or abuse. (Massachusetts General Laws Chapter 119, Section 51A). We do not have discretion in this matter, but must make such referrals whenever we have reasonable cause to believe that a child might have been harmed by anyone, including non-family members, and we may be subject to criminal penalties if we fail to report such possible harm. Moreover, in grievous cases, we may refer the matter directly to the police or consult with the District Attorney as well.

As a YMCA OST Program, we are mandated by Massachusetts State Law to report all incidents of suspected child abuse or neglect to the Department of Social Services. If a case of child abuse is suspected by an educator or in the care of an educator, the following procedures have been put in place.

C. MetroWest YMCA Procedures for Reporting Suspected Child Abuse

The YMCA advocates a positive guidance and discipline policy with an emphasis on positive reinforcement, prevention, and the development of self-discipline. At no time will the following disciplinary techniques be tolerated: physical punishment, striking, biting, kicking, squeezing, shaming, withholding restroom privileges, confining children in small locked rooms, or verbal or emotional abuse.

Affectionate touch and the warm feelings it brings are important factors in helping a child grow into a loving and peaceful adult. However, YMCA staff and volunteers need to be sensitive to each person's need for personal space (i.e., not everyone wants to be hugged). The YMCA encourages appropriate touch; however, at the same time it prohibits inappropriate touch or other means of sexually exploiting children.

In the event that there is an accusation or suspicion of child abuse, the YMCA will take prompt and immediate action as follows:

- At the first report or probable cause to believe that child abuse has occurred, the individual will notify the Program Director, who will then review the incident with the YMCA President or his/her designee. If the Program Director is not immediately available, the individual should report to the President or senior staff member. This review by the supervisor cannot in any way deter the reporting of child abuse by the mandated reporter.

- The person receiving the initial report will be responsible for confirming the facts reported and the condition of the child on the day of the first report.
- Data concerning the child will be obtained within the branch or program through discussion with the initial reporter and the other educators.
- After the information is secured, the Director of Educational Programs or Program Director will call the Protective Services Unit of the Department of Social Services to report the case. Within 48 hours the Director of Educational Programs or Program Director will file a written 51A with the Department of Social Services, Protective Services Unit, and, if any of the individuals involved are enrolled in an OST Program, notify the Department of Early Education and Care that a 51A was filed.
- On the same day that the case is first reported verbally to the Department of Social Services, it must be reported to the President of the MetroWest YMCA or designee. A copy of the written report to the Department of Social Services and EEC will also be forwarded to the Director of Educational Programs.
- Any staff or volunteer named in a 51A report will, without exception, be suspended until the Department of Social Services and/or the Department of Early Education and Care have completed their investigations. A positive finding dictates immediate termination.
- In the case of a disagreement (or uncertainty) concerning the need to report, the President may not substitute his/her judgment for any mandated report within the Branch or Program. While agreement of all professionals involved is desirable, the President must report to the Department of Social Services even if he/she believes the mandated reporter is incorrect.
- The parents or legal guardian of the child(ren) involved in the alleged incident will be promptly notified in accordance with the directions of the relevant state or local agency.
- Whether the incident or alleged offense takes place on or off YMCA premises, it will be considered job related (because of the youth-involved nature of the YMCA).
- Reinstatement of the program volunteer or employed staff person will occur only after all allegations have been cleared to the satisfaction of the persons named in #1 above.
- All YMCA staff and volunteers must be sensitive to the need for confidentiality with the handling of this information, and therefore, should only discuss the incident with the persons named in #1 above. All reports must be kept in a locked file.
- All employees and program volunteers must read and sign a copy of this policy.

VIII. Parent Rights and Responsibilities

A. Parental Rights

Chapter 28, Section 10 of the General Laws of the Commonwealth of Massachusetts mandates to the Department of Early Education and Care the legal responsibility of

promulgating rules and regulations governing the operation of day care centers (including Nursery schools).

The MetroWest YMCA is required to inform all parents of their rights and responsibilities at the time of admission of their child to the center. Section 7.04 of 102 CMR 7.00, the regulations that govern day care centers, contains more information.

B. Family Input and Volunteer Opportunities

The MetroWest YMCA must have a procedure for allowing parental input in the development of program policy and procedures. Director informs parents of their rights as parents to offer input into the program. Parents are encouraged to discuss concerns with their child's Director or Site Coordinator and to complete an anonymous evaluation. If they are not comfortable approaching the educator, the parent and Director develop a plan together to work towards a resolution. The MetroWest YMCA must provide an explanation to the parent when a parent makes suggestions as to the program or policy of a center and the MetroWest YMCA does not adopt the suggestions. If the parent requests a written response, the MetroWest YMCA must respond in writing to the parent. The program will decide whether or not the parental suggestions will be implemented.

The OST programs has instituted a Parent Advisory Council to allow for parental input from a programmatic standpoint. In this Council, educators and family members can plan events such as family nights, field trips, fundraisers, and parent workshops as well as provide opportunities for families to meet with one another, work together on projects, and learn from and provide support for each other. All parents and interested family members are welcome to attend.

In addition to the Parent Advisory Council, parents and other family members are encouraged to participate and volunteer in the center. We welcome short and long term volunteers in the classroom, for special activities and events, fundraising, administrative tasks, and more. Please contact the Director if you are interested in volunteering.

C. Parent Visits and Conferences

In order to ensure a quality OST Program, we need your help. The YMCA encourages parents to visit at any time. Conferences may also be arranged by appointment. Open and friendly communication is essential. Parent participation and input is welcomed. The children, educators and Director appreciate your creativity, ideas and leadership in activities.

We would appreciate hearing from you in writing as to what areas your child liked as well as those suggestions you may have. Your feedback is encouraged and will be studied during the year as well as for future planning. Feedback and letters regarding the OST Program can be mailed to the address on the front of this booklet. With this feedback, we can continue to grow as one of the best Out-of-School Time Programs in Massachusetts.

Parents' concerns or complaints about our program should be immediately directed to the Site Coordinator or Director. Details surrounding the parents' concern or complaint will be reviewed, solutions will be discussed and an action plan will be implemented. Feel free to discuss any concerns or suggestions that you may have with the educators and/or the Director.

D. Children's Records

Information contained in a child's record must be privileged and confidential. The MetroWest YMCA will not distribute or release information in a child's record to anyone not directly related to implementing the program plan for the child without written consent of the child's parent. The Y will notify the parent if a child's record is subpoenaed.

Access to the record

The parent must have access to the child's record at reasonable times. In no event must such access be delayed more than two (2) business days after the initial request without the consent of the child's parent. Upon such request for access, the child's entire record, regardless of the physical location of its parts, must be made available. The MetroWest YMCA must establish procedures governing access to, duplication of, and dissemination of such information; and must maintain a permanent, written log in each child's record indicating any persons to whom information contained in a child's record has been released. Each person disseminating or releasing information contained in a child's record, in whole or in part, must, upon each instance of dissemination or release, enter into the log the following: his/her name, signature, position, the date, the portions of the record which were disseminated or released, the purpose of the records which were disseminated or released, the purpose of such dissemination or release, and the signature of the person to whom the information is disseminated or released. Such log must be available only to the child's parent and Center personnel responsible for record maintenance.

Charge for copies

The MetroWest YMCA must not charge an unreasonable fee for copies of any information contained in the child's record.

Amending the child's records

A child's parent must have the right to add information, comments, data or any other relevant materials to the child's record. A child's parent must have the right to request deletion or amendment of any information contained in the child's record. Such request must be made in accordance with the procedures described below:

If such parent is of the opinion that adding information is not sufficient to explain, clarify or correct objectionable material in the child's record, he/she must have the right to have a conference with The MetroWest YMCA to make his/her objections known; The MetroWest YMCA must, within one (1) week after the conference, render to such parent a decision in writing stating the reason or reasons for the decision. If his/her decision is

in favor of the parent, he/she must immediately take steps as may be necessary to put the decision into effect.

E. Parental Responsibilities

In order to maintain a comfortable and safe environment for children, families and educators, we have the following guidelines that we ask all adults to model the Y Character Values of caring, honesty, respect, and responsibility. The following are some examples of how these values can be implemented:

- Use appropriate language while in the program.
- Respect confidentiality by having personal conversations in private.
- Interact with others in a non-threatening and non-aggressive manner.

Failure to follow these guidelines may result in termination of care with parents still responsible for all fees including tuition for the following 30 days.

IX. Responsibilities of the Program

A. Providing Information to the Department of Early Education and Care

The MetroWest YMCA must make available to the Department of Early Education and Care (EEC) any information required to be kept and maintained under these regulations and any other information reasonably related to the requirements of these regulations. This includes information in the child's records. Authorized employees of EEC are not to remove identifying case materials from the Center premises and are required to maintain the confidentiality of individual records.

B. Reporting Abuse or Neglect

All educators are mandated reporters. They are required by law to report suspected abuse and neglect to either the Department of Social Services or to the MetroWest YMCA's program administrator. The MetroWest YMCA must have written policies and procedures for reporting and must provide the written policy to you upon enrollment.

C. Notification of Injury

The MetroWest YMCA must notify parents and guardians immediately of any injury that requires emergency care. They must also notify the parent, in writing, within 24 hours, if any first aid is administered to the child.

D. Availability of Regulations

The Program must have a copy of CMR 102 7.00, Standards for the Licensure or Approval of Group Day Care and School Age Child Care Programs, on the premises, available to any person upon request. If you have questions about any of the regulations, ask the personnel at the Center for a copy.

E. Confidentiality Policy

The MetroWest YMCA respects each family's right to privacy and confidentiality. As a result, information such as incident reports and portfolios regarding a child will only be

shared with the child's legal guardians or parents unless the guardian or parent provides written authorization. Within the Center, child specific information is shared with Y staff based on a need to know basis. EEC, our licensing authority, and NAEYC, our accrediting organization may review children's files as part of an agency review. Information gathered for the Center's compilation of developmental checklists or portfolios may be shared with EEC, but all identifying information will be removed.

F. Research, Experimentation, and Unusual Treatment Policy

The MetroWest YMCA will not conduct or allow any research, experimentation, or unusual treatment involving children without the written, informed, consent of the affected child's parents or guardian, for each occurrence. In programs where observations of children (by other than parents of the children in the center) are common, a general written parental consent may be used. Observations mean that there is no interaction between the child and the observers and no identification of the individual child. The MetroWest YMCA will now allow and research, experimentation, or unusual treatment to take place in the programs that might harm a child. Research and experimentation shall not mean program evaluation or data collection for purposes of documenting services of the program which do not identify individual children.

G. Unauthorized Activities Policy

The MetroWest YMCA will not allow children to participate in any activities unrelated to the direct care of children without the written, informed consent of the parent(s) or guardian. "Activities" shall mean, but not be limited to: fund raising and publicity, including photographs and participation in the mass media.

Our Policies and Procedures are based in part by the guidelines established by Massachusetts Department of Early Education and Care, the National Association for the Education of Young Children, and the National Institute of Out-of-School Time APAS assessment system. Please see your child's Director or Director of Educational Programs for more details.

Parent/Guardian Statement of Understanding and Receipt Slip

The following information is important for the safety and protection of your child. Please read the information, sign this form and return it to the MetroWest YMCA.

I understand my monthly tuition fee and agree to pay this amount by the date it is due. I understand that payments are due on the first of each month. A late fee of \$15.00 is charged when payments are not received by the 5th. I understand that payments are due regardless of whether I have received a bill. I understand that I must give the Y written notice 30 days prior to any changes in my child's schedule including withdrawal from the program. I will be responsible for tuition payments during this time.

I understand that YMCA staff and volunteers are not allowed to baby-sit or transport children at anytime outside of the YMCA program. The YMCA will take immediate disciplinary action toward staff and volunteers if a violation is discovered.

I understand that I am not to leave my child at the YMCA or program site unless a YMCA staff person is there to receive and supervise my child.

I understand that my child will not be allowed to leave the program with an unauthorized person. If a child is to be picked up by someone other than an authorized person, the program must be notified in writing. All individuals who are not known by the educators on duty must provide photo identification that the educator will match up with the authorization forms.

I understand that should a person arrive to pick up my child who appears to be under the influence of drugs or alcohol, for the child's safety, educators may have no recourse but to contact the police. Please do not put educators in a position where they have to make this judgment call.

I understand that the YMCA is mandated, by state law, to report any suspected cases of child abuse or neglect to the appropriate authorities for investigation.

I have my copy of the YMCA's OST Program policies and procedures. I agree to familiarize myself and my child with the information contained in this booklet and understand it constitutes the policies and guidelines of the MetroWest YMCA OST Program.

I have read and understand the statements above and in the Family Handbook and agree to abide by them.
