

# The MetroWest YMCA Hopkinton EARLY CHILDHOOD CENTER

*Cultivating Potential and Environmental Discovery  
Through High Quality Early Education and Care*

Nestled in the woods of Hopkinton, our cozy center creates a welcoming atmosphere for children and their families. Having immediate access to 116 acres, environmental education creates a unique cornerstone to our curriculum. Our environmental theme based curriculum is designed so that children have hands on experiences that develop cognitive, social, and emotional skills through play and interaction with nature. Our curriculum addresses each child's developmental needs and interests and emphasizes the YMCA character values of caring, honesty, respect, and responsibility. This individualized instruction will help your child grow and succeed!
