Name of Item _____ Estimated value: \$ _____

Description of item(s), including important dates and/or restrictions:

- Anonymous donation
- Donor will deliver
- Y staff to pick up

- Gift Certificate
- Other instructions

Thank you for your contribution to our 2020 Annual Charity Auction. All of the proceeds from this event provide financial assistance to individuals and families when they need us most.

"Our family is deeply appreciative to the YMCA and the staff. This (emergency child care) service has been a rich blessing during very challenging times and has blessed to be a part of the YMCA community!"

Your support matters even more than ever. For more than a century the Y has focused on meeting the needs of the community, and that is what we continue to do during the current climate. And we can't do it without you.

Throughout the pandemic, our Y worked with partners in the community to support people impacted by COVID-19. We kept our doors open providing critical services to families in need.

Providing Emergency Child Care

- **15,000 hours of care** for children of healthcare workers, first responders and essential workers for ages 15 months through 5th Grade.
- **Providing: Healthy Meals – Online Learning Support – Social Connections**
- And **workers were available to continue their live-saving efforts**, comforting others, to ensuring people have access to foods and other necessities.

Addressing the Basic Needs of Local Families

- **5,000 meals per week** for families in need
- **Providing: Toiletries – Hygiene Products – Over-the-Counter Medicine**
- **Wellness check-ins to more than 250 seniors** experiencing social isolation

Your support will help us continue to strengthen the foundations of our community. COVID-19 continues to have an adverse impact for our families. Rising Unemployment. Out of school learning loss. New back to school and educational models. Increased support needs for working families. Social isolation.

But we are ready to respond. Through our efforts providing emergency child care and meals to thousands of families over the past several months, we gained significant knowledge about how to safely and effectively provide services. To address new concerns, we are committed to providing **access to Y programs and services**, collaborating with school systems and education programs to **support the academic success of every student**, connect the whole community and continuing our work **developing the next generation of leaders**.

With **your** help, we **can** make this happen.
