Food & Nutrition Resources

At the YMCA, we are committed to helping all kids and families thrive. One of the most pressing and persistent barriers to thriving communities is food insecurity. Too many of our neighbors lack reliable access to nutritious, affordable food.

When you support the YMCA's food access initiatives, you are investing in a healthier, more equitable future for everyone. Together, we are building stronger, more resilient communities.

Harvesting Good Health

Our Nutrition and Food Access programs take a unique approach to education, sustainability, and community building. Check out our most recent article to learn how our gardens, food programs, and community partnerships create a food system that supports well-being!
